SCAA Dated	29.02.2008

BHARATHIAR UNIVERSITY :: COIMBATORE – 641 046

**REGULATIONS FOR B. Sc. INTERIOR DESIGN DEGREE COURSE WITH
COMPULSORY DIPLOMA COURSE IN COMPUTER AIDED DESIGN AND DRAFTING
Semester System**

(with effect from 2007-2008)

1. Eligibility for Admission to the Course

Candidates for admission to the first years of the **B. Sc. Interior Design** degree course shall be required to have passed the higher secondary examination (Academic) conducted by the Govt. of Tamilnadu in the relevant subject - any combination or other examinations accepted as equivalent thereto by the Syndicate, subject to such other condition as may be prescribed thereof.

2. Duration of the Course

The course shall extend over a period of three years comprising of six semesters with two semesters in one academic year. There shall not be less than 90 working days for each semester. Examination shall be conducted at the end of every semester for the respective subjects.

3. Course of Study

The course of study for the UG degree course shall consist of the following

a) Part - I

Tamil or any one of the following modern/classical languages i.e. Telugu, Kannada, Malayalam, Hindi, Sanskrit, French, German, Arabic & Urdu. It shall be offered during the first four semesters with one examination at the end of each semester.

b) Part – II : English

The subject shall be offered during the first four semesters with one examination at the end of each semester. During third semester Part II English will be offered as communication skills.

c) Foundation Course

The Foundation course shall comprise of two stages as follows:

Foundation Course A : General Awareness (I & II semesters)

Foundation Course B : Environmental Studies (III & IV semesters)

The syllabus and scheme of examination for the foundation course A, General awareness shall be apportioned as follows.

From the printed material supplied by the University - 75%

Current affairs & who is who? - 25%

The current affairs cover current developments in all aspects of general knowledge which are not covered in the printed material on this subject issued by the University.

The Foundation course B shall comprise of only one paper which shall have Environmental Studies.

d) Part – III

Group A : Core subject – As prescribed in the scheme of examination.

Examination will be conducted in the core subjects at the end of every semester

Group B: allied subjects -2 subjects-4 papers

Examination shall be conducted in the allied subjects at the end of first four semesters.

Group C: application oriented subjects: 2 subjects – 4 papers

The application –oriented subjects shall be offered during the last two semesters of study viz., V and VI semesters. Examination shall be conducted in the subjects at the end of V & VI semesters.

Group D: field work/institutional training

Every student shall be required to undergo field work/institutional training, related to the application-oriented subject for a period of not less than 2 weeks, conveniently arranged during the course of 3rd year. The principal of the college and the head of the department shall issue a certificate to the effect that the student had satisfactorily undergone the field work/institutional training for the prescribed period.

Diploma Programme:

All the UG programmes shall offer compulsory diploma subjects and it shall be offered in four papers spread over each paper at the end of III, IV, V, & VI semesters.

e) Co-Curricular activities: NSS/NCC/Physical education

Every student shall participate compulsorily for period of not less than two years (4 semesters) in any one of the above programmes.

The above activities shall be conducted outside the regular working hours of the college. The principal shall furnish a certificate regarding the student's performance in the respective field and shall grade the student in the five point scale as follows

A-Exemplary

B-very good

C-good

D-fair

E-Satisfactory

This grading shall be incorporated in the mark sheet to be issued at the end of the appropriate semester (4th or 5th or 6th semester).

(Handicapped students who are unable to participate in any of the above activities shall be required to take a test in the theoretical aspects of any one of the above 3 field and be graded and certified accordingly).

4. Requirement to appear for the examinations

a) a candidate will be permitted to appear for the university examinations for any semester if

- i) He/she secures not less than 75% of attendance in the number of working days during the semester.
- ii) He/she earns a progress certificate from the head of the institution, of having satisfactory completed the course of study prescribed in the subjects as required by these regulations, and
- iii) His/her conduct has been satisfactory.

Provided that it shall be open to the syndicate, or any authority delegated with such powers by the syndicate, to grant exemption to a candidate who has failed to earn 75% of the attendance prescribed, for valid reasons, subject to usual conditions.

- b) A candidate who has secured less than 65% but 55% and above attendance in any semester has to compensate the shortage in attendance in the subsequent semester besides, earning the required percentage of attendance in that semester and appear for both semester papers together at the end of the latter semester.
- c) A candidate who has secured less than 55% of attendance in any semester will not be permitted to appear for the regular examinations and to continue the study in the subsequent semester. He/she has to rejoin the semester in which the attendance is less than 55%
- d) A candidate who has secured less than 65% of attendance in the final semester has to compensate his/her attendance shortage in a manner as decided by the concerned head of the department after rejoining the same course.

5. Restrictions to appear for the examinations

- a) Any candidate having arrear paper(s) shall have the option to appear in any arrear paper along with the regular semester papers.
- b) "Candidates who fail in any of the papers in Part I, II & III of UG degree examinations shall complete the paper concerned within 5 years from the date of admission to the said course, and should they fail to do so, they shall take the examination in the texts/ revised syllabus prescribed for the immediate next batch of candidates. If there is no change in the texts/syllabus they shall appear for the examination in that paper with the syllabus in vogue until there is a change in the texts or syllabus. In the event of removal of that paper consequent to change of regulation and / or curriculum after 5 year period, the candidates shall have to take up an equivalent paper in the revised syllabus as suggested by the chairman and fulfill the requirements as per regulation/ curriculum for the award of the degree.

6. Medium of Instruction and examinations

The medium of instruction and examinations for the papers of Part I and II shall be the language concerned. For part III subjects other than modern languages, the medium of instruction shall be either Tamil or English and the medium of examinations is in English/Tamil irrespective of the medium of instructions. For modern languages, the medium of instruction and examination will be in the languages concerned.

7. Submission of Record Note Books for practical examinations

Candidates appearing for practical examinations should submit bonafide Record Note Books prescribed for practical examinations, otherwise the candidates will not be permitted to appear for the practical examinations. However, in genuine cases where the students, who could not submit the record note books, they may be permitted to appear for the practical examinations, provided the concerned Head of the department from the institution of the candidate certified that the candidate has performed the experiments prescribed for the course. For such candidates who do not submit Record Books, zero (0) marks will be awarded for record note books.

8. Passing Minimum

- a) A candidate who secures not less than 40% of the total marks in any subject including the Diploma and Foundation courses (theory or Practical) in the University examination shall be declared to have passed the examination in the subject (theory or Practical).
- b) A candidate who passes the examination in all the subjects of Part I, II and III (including the Diploma and Foundation courses) shall be declared to have passed, the whole examination.

9. Improvement of Marks in the subjects already passed

Candidates desirous of improving the marks awarded in a passed subject in their first attempt shall reappear once within a period of subsequent two semesters. The improved marks shall be considered for classification but not for ranking. When there is no improvement, there shall not be any change in the original marks already awarded.

10. Classification of Successful candidates

- a) A candidate who passes all the Part III examinations in the First attempt within a period of three years securing 75% and above in the aggregate of Part III marks shall be declared to have passed B.A/ B.Sc./B.Com./B.B.M. degree examination in **First Class with Distinctions**
- b) (i) A candidate who passes all the examinations in Part I or Part II or Part III or Diploma securing not less than 60 per cent of total marks for concerned part shall be declared to have passed that part in **First Class**
(ii) A candidate who passed all the examinations in Part I or Part II or Part III or Diploma securing not less than 50 per cent but below 60 per cent of total marks for concerned part shall be declared to have passed that part in **Second Class**
(iii) All other successful candidates shall be declared to have passed the Part I or Part II or Part III or Diploma examination in **Third Class**

11. Conferment of the Degree

No candidate shall be eligible for conferment of the Degree unless he / she,

- i. has undergone the prescribed course of study for a period of not less than six semesters in an institution approved by/affiliated to the University or has been exempted from in the manner prescribed and has passed the examinations as have been prescribed therefor.
- ii. Has satisfactory participates in either NSS or NCC or Physical Education as evidenced by a certificate issued by the Principal of the institution.

- iii. Has successfully completed the prescribed Field Work/ Institutional Training as evidenced by certificate issued by the Principal of the College.

12. Ranking

A candidate who qualifies for the UG degree course passing all the examinations in the first attempt, within the minimum period prescribed for the course of study from the date of admission to the course and secures I or II class shall be eligible for ranking and such ranking will be confined to 10 % of the total number of candidates qualified in that particular branch of study, subject to a maximum of 10 ranks.

The improved marks will not be taken into consideration for ranking.

13. Additional Degree

Any candidate who wishes to obtain an additional UG degree not involving any practical shall be permitted to do so and such candidate shall join a college in the III year of the course and he/she will be permitted to appear for part III alone by granting exemption from appearing Part I, Part II and common allied subjects (if any), already passed by the candidate. And a candidate desirous to obtain an additional UG degree involving practical shall be [permitted to do so and such candidate shall join a college in the II year of the course and he/she be permitted to appear for Part III alone by granting exemption from appearing for Part I, Part II and the common allied subjects. If any, already passed. Such candidates should obtain exemption from the university by paying a fee of Rs.500/-.

14. Evening College

The above regulations shall be applicable for candidates undergoing the respective courses in Evening Colleges also.

15. Syllabus

The syllabus for various subjects shall be clearly demarcated into five viable units in each paper/subject.

16. Revision of Regulations and Curriculum

The above Regulation and Scheme of Examinations will be in vogue without any change for a minimum period of three years from the date of approval of the Regulations. The University may revise /amend/ change the Regulations and Scheme of Examinations, if found necessary.

17. Transitory Provision

Candidates who have undergone the Course of Study prior to the Academic Year 2007-2008 will be permitted to take the Examinations under those Regulations for a period of four years i.e. up to and inclusive of the Examination of April 2012 thereafter they will be permitted to take the Examination only under the Regulations in force at that time.

SEMESTER - I

SUBJECT TITLE: PART III – CORE PAPER I FUNDAMENTALS OF DESIGN
NUMBER OF CREDIT HOURS : 5

SUBJECT DESCRIPTION:

This course presents the development of Interior Design concepts, explaining the elements of design and principles of design and their application in the interiors.

GOALS: To enable the students to understand the elements and principles of design.

OBJECTIVES:

- On successful completion of the course the students should have
- Developed design for application – innovation in design.
- Learnt the importance of art elements in the creation of new design.
- Learnt to apply the principles of design in creating beautiful interiors and in displaying the art objects.

UNIT I

Development of Interior design concepts – a historic review. Place of interior decoration in the modern era – changing trends and salient features. Role of good taste – meaning and importance. Need for developing skill in aesthetics

UNIT II

Design – Definition, meaning, Purpose. Types and classification of design – structural and decorative – characteristics

UNIT III

Elements of design – Line and direction, form and shape, size, colour, light, ornamentation, texture and space – Application of elements to form designs.

UNIT IV

Principles of design – Balance, rhythm, emphasis, harmony, proportion - meaning and application of design concepts in the interior and exterior houses and other commercial buildings. Development of design from motives and application.

UNIT V

Man as a consumer of design, qualities and role of a good interior designer, interior design – career options. Application of design in interior decoration.

SUBJECT TITLE: PART III – CORE PAPER II COLOR AND LIGHTING **NUMBER OF CREDIT HOURS : 5**

SUBJECT DESCRIPTION:

This course contains the concept of colour, emphasizing the usage of colour in interiors, explaining the importance of lighting.

GOALS:

To enable the students to learn the concept of colour systems and lighting.

OBJECTIVES:

On successful completion of the course the students should have understood the concept of colour and preparing a colour wheel.

Learnt the application of colour harmonies in the interiors and exteriors.

UNIT I

Concept of colour. Significance of colour in the interiors and exteriors – Dimensions of colour – Hue, value and intensity – Effects of Hue, value and intensity.

UNIT II

Colour systems – Prang, Munsell and Ostwald – Planning colour harmonies- related and contrast – Factors considered in selecting colour harmonies.

UNIT III

Application of colour harmonies in the interiors and exteriors – Effect of light on colour – illusion of colour, psychology of colour.

UNIT IV

Importance of lighting – Artificial lighting – Light sources, types and uses of light, specific factors in lighting – measurement of lighting and economy in lighting, psychological aspects of light, Avoidance of glare – Glare- its types and prevention

UNIT V

Affiliation accessories - Lighting fixtures – Lighting for areas and specific activities.

SUBJECT TITLE: ALLIED SUBJECT – A – FOOD PRESERVATION – I
NUMBER OF CREDIT HOURS : 6

SUBJECT DESCRIPTION:

This paper deals with the principles of food preservation, preservation of foods by physical methods, by heat, removal of water and through chemical methods.

GOALS:

To enable the students to understand the methods of food preservation.

OBJECTIVES:

To enable the students to learn about food spoilage, understand the importance of food preservation and various types of food preservations.

Acquire skill in preventing food spoilage.

UNIT I

Food spoilage – Factors contributing to food spoilage – causes and agents of spoilage – concepts of food preservation – importance of food preservation, principles of food preservation – Prevention or delay of microbial decomposition, Prevention or delay of self decomposition of the food , prevention of damage due to insects, animals and mechanical causes

UNIT II

Food preservation by physical methods – removal of heat, refrigeration, freezing, dehydro freezing, carbonation.

UNIT III

Food preservation by heat - Stationary pasteurization, agitating pasteurization, HTST,LTLT processing .

UNIT IV

Food preservation by removal of water - Sun drying, dehydration at 0 Degree temperature, evaporation or concentration, freeze drying, accelerated freeze drying, foam mat drying, puff drying, preservation through radiation –UV radiation.

UNIT V

Food preservation through chemical methods – Addition of sugar and heating – jams, jellies, marmalades, candied and glazed fruits, addition of salt and acid–pickled vegetables, fish and meat – salting or brining.

SEMESTER II

SUBJECT TITLE: PART III – CORE PAPER III PLANNING THE LIFE SPACE
NUMBER OF CREDIT HOURS : 5

SUBJECT DESCRIPTION:

This course presents the concept of life space, importance, principles of planning a house and division of space.

GOALS:

To understand the significance of house.

OBJECTIVES:

Developed skill in house plan for different income groups.

Acquired knowledge in recent building materials and raising fund from various agencies to construct a house.

UNIT I

Space for living – Concept of space – factors influencing living space, requirements, need for space, space occupancy, ownership, style and other general factors.

UNIT II

Significance of housing – functions of house, selection of site, Types of house plans-site plan, floor plan, elevation plan, cross-section plan, perspective plan and landscape plan, Principles of planning a house to suit the basic requirements, components attributed to livability in life space – comfort ,convenience, safety, workability, maintenance, lighting, satisfaction- in individual houses, multi- storied flats, row houses.

UNIT III

Division of space – Private, public, work and traffic – definition, utility, determinants, general principles in planning space for various activities.

UNIT IV

Materials and methods of Construction – Classification, materials and finishes for wall, floor and ceiling, types of construction – meaning, basic knowledge in different types of construction – cast in site– prefabrication – advantages and limitations.

UNIT V

Finance for housing –Estimation- funding agencies – Private and Government – HDFC, HUDCO, Bank, Cooperatives and other private agencies.

SUBJECT TITLE: ALLIED SUBJECT – A – FOOD PRESERVATION – II

COURSE NUMBER:

NUMBER OF CREDIT HOURS : 7

SUBJECT DESCRIPTION:

This course presents the importance, ingredients used in baking, preparation of bakery products.

GOALS:

To understand the principles involved in baking.

OBJECTIVES:

To enable the students to understand the ingredients used for baking.

Gain knowledge on various types of baking.

Acquire skill in running a small scale baking units.

UNIT I

Introduction to bakery – importance and scope, definition, Principles involved in baking.

Major ingredients used for Baking - Wheat – Types of wheat and composition, types of flour, importance and role of gluten in baking, Shortening of fats and oils - Definition, composition, function and process. Sugar – Definition, properties, types and functions, Egg – Composition, importance and role of egg in bakery, Leavening agents – Meaning, Physical, Chemical and biological leavening agents.

UNIT II

Minor Ingredients used for Baking – Milk - types of milk, functions of milk, advantages of using milk solids in breads production.

Water – Sources, types, functions and usage of water.

Salt – importance and its role.

Yeast – Definition, Importance and nutritive value of yeast.

Common Spices – Flavorings, fruits and nuts used in bakery

Food colors – Natural and artificial food colors used and its role.

UNIT III

Preparation of Bakery products – Bread - Preparation of bread, types of bread faults - their causes and remedy.

Preparation of cakes - functions of ingredients in Cake making, types of cakes, cake mixing methods.

Biscuits – Types of biscuits, ingredients used and methods of making biscuits

Cookies- Definition, ingredients, mixing procedure and baking, useful suggestions in processing.

Pastries – Ingredients and methods of making pastry.

UNIT IV

Decoration of baked products – Meaning and importance, Ingredients used, types of icing and the method of making, problems encountered in icing.

UNIT V

Setting up of a Bakery Unit – factors to be considered – Investments, factory site, buildings, water supply, electricity and drainage system, labour, equipment and fuel, bakery sanitation and personal hygiene. Bakery sales tips.

SUBJECT TITLE: PART III – CORE PRACTICAL - I - DESIGN CONCEPTS

NUMBER OF CREDIT HOURS : 2

SUBJECT DESCRIPTION:

This practical paper contains the design development, motif development, display of art objects, arranging different areas of an interior.

OBJECTIVES:

- To draw different types of design, develop design by using motifs.
- Acquire skill in arranging different areas of a house by using principles of design.

CONTENTS

1. Draw structural/ decorative design and comment on its features.
2. Draw a decorative design of your own interest by showing the method of application in greeting card/ saree border/ art object
3. Evaluate the given art objects.
4. Develop a motif suitable for foot mat/ window grill/table mat/furnishing materials.
5. Display art objects showing the principle of design.
6. Display handicrafts/ textiles showing any principles of design.
7. Arrange a living room/ drawing room/ pooja room/bedroom/Adolescent boy/girl's room/ children's room showing any colour harmony and principles of design.
8. Arrange a birthday party for a preschool child.
9. Arrange an area for multipurpose activities.
10. Make a flower arrangement suitable for the given area and floor decoration.

SUBJECT TITLE: ALLIED PRACTICAL – FOOD PRESERVATION
NUMBER OF CREDIT HOURS : 2

SUBJECT DESCRIPTION:

This paper presents the food preservation methods using high concentration, using salt and using sugar.

OBJECTIVES:

To enable the students to preserve the foods by using different methods – sugar, salt, spices, dehydration and baking.

To understand about the role of ingredients in food preservation.

PRACTICALS

Food preservation methods using high concentration;

- a) Using sugar- Sweet preserves, Jams, jellies, Squash, Marmalades
- b) Using salt – pickles.
- c) Using spices – sauce, Ketchup
- d) Dehydration – Vathal, vadam, Powders
- e) Baking – preparations of biscuit & Cake

1. Visit to a well-established bakery unit.
2. Visit to a milk preservation unit.
3. Demonstrations of bread making.
4. Preparation of selected buns and rolls.
5. Preparation of different types of pastries & puff pastry.
6. Preparation of specific cookies.
7. Different icings to decorate the baked products.

SEMESTER-III

SUBJECT TITLE: PART-III CORE PAPER IV - DRAFTSMANSHIP
COURSE NUMBER:
NUMBER OF CREDIT HOURS : 4

SUBJECT DESCRIPTION:

This course presents the duties of draftsman, drafting tools, drafting and different types of drawings.

OBJECTIVES:

Enable the students to understand the importance of draftsmanship, develop skill in using different drafting tools.

Draw two dimensional and three dimensional view of an interiors and exteriors.

UNIT I

Introduction to draftsmanship. Need for training, Duties. Determining needs and wishes of the client. Relationship between two-dimensional and three dimensional diagrams

UNIT II

Drafting tools and Techniques – Drawing table and Boards, Introduction, How to handle – Handling paper and pencil, Types of scales, Tools for curves and irregular forms – Drawing aids.

Drafting mediums – Tracing paper, tracing cloth, water color paper, sketch paper, vellum, polyester film.

UNIT III

Architectural symbols-structural symbols, window symbols, door symbols, plumbing symbols, and electrical symbols.

UNIT IV

Basics in drawings- Lines and Geometrical constructions-Two dimensional and three dimensional drawings.

UNIT V

Architectural drawings-Letterings, Orthographic, isometric and Pictorial drawings.

SUBJECT TITLE: PART-III CORE PAPER V - INTERIOR AND EXTERIOR TREATMENTS

COURSE NUMBER:

NUMBER OF CREDIT HOURS : 5

SUBJECT DESCRIPTION:

This course presents the fundamentals for interior and exterior treatments to make the structure strong.

OBJECTIVES:

To understand the special care needed for floors, walls, ceilings, joineries.

To gain knowledge on different materials available in the market to increase the strength of a building.

UNIT I

Fundamentals for interior and exterior treatments

Termite proofing, waterproofing, acoustics, thermal comfort, Fire protection.

Walls- plastering, Putty, curing – before plastering, painting and applying other finishes, methods of curing, Acoustics.

Roof- Plastering and curing.

Factors influencing choice of treatments – climate, cost, age, type/style of house, location.

UNIT II

Treatment of Walls

Interior Wall- Wood, glass, paints, tiles, terracotta, marble wash, metals, stone finishes, marble, tiles, granite, white wash, color wash, selection, laying, cost estimation, care and maintenance.

Exterior Walls- Stones, rubble, tiles, fresco, plaster of Paris, murals, glass and metals, paints, plastering.

Selection, laying, cost estimation, care and maintenance

UNIT III

Treatment of floors.

Interior floors- Mud, cement, red oxide, terrazzo, wood, metals, resilient flooring, Hard and soft, mosaic, tiles ,marble, granite and floor coverings-rugs and carpets, selection, laying, cost estimation, care and maintenance.

Exterior floors - Concrete slabs, tiles, mosaic, terrazzo and terracotta.

Selection, specialty and characteristics of exterior floor finishes, laying, care and maintenance.

UNIT IV

Roofs/Ceiling.

Types, treatment-plastering, embossing, fresco, plaster of Paris, plastic, kerala tiles, PVC, wooden paneling, glass, false ceilings.

Selection, laying, cost estimation, care and maintenance.

UNIT V

Joineries

Windows, Doors -types, materials used, types of joints, care and maintenance-polishing, waxing, varnishing.

Ventilators - importance and types.

Introduction to green building concepts.

5. Love.G. (2000), Insideout, Conron octopus Ltd, London.

RELATED EXPERIENCES

1. Market survey
2. Field visits-houses, commercial centers, hotels.
3. Submission of reports on field visits.

SUBJECT TITLE: ALLIED SUBJECT B – FLORICULTURE

NUMBER OF CREDIT HOURS : 4

SUBJECT DESCRIPTION:

This course presents the importance of plants in landscaping, classification, propagation and protection of plants used in landscape designs.

OBJECTIVES:

- To understand the importance of plants in landscape gardening.
- To gain knowledge on propagation methods.
- To prepare pot mixture, potting, repotting.

UNIT I

Floriculture – Meaning, concept and importance, ornamental plants – classifications - annuals and perennials, annuals for summer, winter and rainy seasons.

UNIT II

Shrubs and Trees – flowering and foliage shrubs, Trees-Avenue and shade trees, climbers and creepers, cacti and succulents, ferns, palms, hardy bulbs and tender bulbs,roses.

UNIT III

Propagation methods – sexual and asexual methods of propagation, division, cutting, layering, grafting, budding and tissue culture.

UNIT IV

Cultivation methods for ornamental plants in general – Procurement of plant material, preparation of soil, plant propagation, planting, watering and manuring..

UNIT V

Ornamental plant protection methods- plant after care, plant protection – cultural, chemical and mechanical, pest and diseases.

REFERENCES:

DIPLOMA IN COMPUTER AIDED DESIGN AND DRAFTING SUBJECT TITLE : DIPLOMA COURSE PAPER – 1 – TWO DIMENSIONAL DRAFTING – I

NUMBER OF CREDIT HOURS : 3

SUBJECT DESCRIPTION:

This course presents the theory of two dimensional drafting using certain commands.

OBJECTIVES:

On successful completion of the course the students should have learnt to draw simple floor plan, which will be further developed to make a 3 – D model.

UNIT I

Introduction to Auto CAD – Auto CAD system requirements, Auto CAD GUI – Title bar, Menu bar, Standard tool bar, Object properties tool bar, Draw tool bar, Modify tool bar, UCS, Layout tab, command Entry, status bar, Task bar, General Commands-New, open, save, save as, close, Exit.

UNIT II

Point mixing methods – line using absolute Co-ordinate system, relative rectangular Co-ordinate system and relative polar Co-ordinate system, circle, arc, ellipse, rectangle, Polygon.

UNIT III

Modification tools- Erase, copy, move, scale, rotate, trim, Extend, Array, offset, mirror, break, stretch.

UNIT IV

Drafting settings, function keys, Text, text style, text edit, Multitext, color, line type, line weight.

UNIT V

Advanced tools – zoom, pan, view, solid, Donut, fillet, chamfer, layering concept.

REFERENCES:

1. Teach yourself Auto CAD, GIBBS, BPE publications, New Delhi.
2. Inside AutoCAD.
3. Omura.G , (2005), Mastering Auto CAD 2005 and Auto CAD LT 2005, BPB publications New Delhi.

SEMESTER - IV

SUBJECT TITLE: PART-III CORE PAPER VI – FURNITURE AND FURNISHINGS

NUMBER OF CREDIT HOURS : 5

SUBJECT DESCRIPTION:

This course presents styles of furniture, selection and furniture construction and soft furnishings.

OBJECTIVES:

- To enable the students to learn about the types and importance of furniture and furnishings.
- Know about the selection, care and arrangement of furniture.
- Develop skills in care and maintenance of furnishings.

UNIT I

Styles of furniture – traditional, contemporary and modern design.
Furniture for different purpose – meaning, need, factors influencing – climatic conditions, family needs and preferences, availability, principles of design and financial limit.

UNIT II

Furniture materials – Selection and arrangement – buymanship, arrangement of furniture for various rooms- Living room, dining room, bedroom, kitchen, study room, office, care and maintenance of furniture, furniture finishes and polishes.

UNIT III

Construction features of furniture – shaping, carving, turning, fluting, reeding, joining and finishes. Upholstering – techniques and designs.

UNIT IV

Soft furnishings-Meaning and importance. Types of furnishings – window treatments – curtains, draperies, blinds, shades, cushion covers, slip covers, bed linen, table linen, carpets, rugs –types, selection and laying.

UNIT V

Care and maintenance of soft furnishings-stain removal, mending and darning, laundering, storage of furnishings.

SUBJECT TITLE: CORE PRACTICAL II – DRAFTSMANSHIP

NUMBER OF CREDIT HOURS : 2

SUBJECT DESCRIPTION:

This course deals with the effective use of drafting tools to draw pictorial and perspective drawing.

OBJECTIVES:

- To enable the students to make use of drafting tools.
- To draw pictorial and perspective drawing.

CONTENTS

1. Architectural lettering.
2. Pictorial drawing – orthographic, isometric drawings – Geometrical constructions – table, chair, staircase, rooms.
3. Perspective drawings – Visual ray method, Vanishing point method – one point perspective and two point perspective.
4. Kitchen drawings – Types and three dimensional view (isometric view).
5. Rendering and presentation - Blue prints and ammonia prints.
6. Submission of record.

SUBJECT TITLE: ALLIED SUBJECT B - LANDSCAPING

NUMBER OF CREDIT HOURS : 4

SUBJECT DESCRIPTION:

This course presents the meaning and importance of landscape gardening.

OBJECTIVES:

To enable the students to learn the principles to be followed in landscape gardening.

Have practical knowledge in making home gardens and indoor plants.

To impart knowledge on types of lawns, maintenance, method of preparation.

Acquire skill in making flower arrangements.

UNIT I

Landscaping – Meaning and importance, Types of gardens, garden components, garden design– formal and informal, principles of landscape gardening.

UNIT II

Lawn – importance, preparation, methods of cultivation, use, maintenance, Types of lawn.

UNIT III

Indoor plants – potting and repotting techniques, pot culture – potted plants, principles of growing, display and placement, upkeep and maintenance.

UNIT IV

Use of flowers and containers for Interior Decoration – Importance, basic shapes, styles in flower arranging – traditional, oriental, modern, free expression, dried and pressed flowers, fundamentals of Ikebana and styles of Ikebana.

UNIT V

Modern trends in gardening – Terrace garden, Rock garden, water garden, Bonsai culture, terrarium, developing ornamental plants in Home garden for flats – roof garden, hanging garden, Kitchen garden.

REFERENCES

SUBJECT TITLE: ALLIED PRACTICAL – FLORICULTURE AND LANDSCAPING

NUMBER OF CREDIT HOURS : 2

SUBJECT DESCRIPTION:

This course presents the identification of plants, propagation methods, making different styles of flower arrangements and drawing landscape gardens.

OBJECTIVES:

- To enable the students to gain knowledge on raising flower gardens.
- To understand the methods of cultivation aspects of flowers.
- To acquire skill in identifying the different ornamental flowers, shrubs, trees.

CONTENTS

1. Identification of important flowering plants, shrubs and other ornamental plants.
2. Preparation of cutting, layering, budding and grafting.
3. Making different styles of flower arrangement.
4. Drawing different landscape plans
5. Submission of record

SUBJECT TITLE : DIPLOMA COURSE PAPER – II – TWO DIMENSIONAL DRAFTING – II

NUMBER OF CREDIT HOURS : 3

SUBJECT DESCRIPTION:

This course presents the theory of two dimensional drafting using certain command and layout management.

OBJECTIVES:

On successful completion, the students learnt to draw floor plan with settings, layers, Dimensions to a given scale.

UNIT I

Inquiry tools- I D, DIST, AREA, LIST, Hatching, poly line, poly line edit, Spline, Spline edit, multi line, multi line edit.

UNIT II

Dimensions – linear, Align, Angular, radius, diameter, baseline, continue, leader.

UNIT III

Dimension edit, dimension styles – lines and arrows tab, text tab, fit tab, primary units, alternate units, Tolerances.

UNIT IV

Productivity tools – Block-Nesting blocks, defining blocks, inserting blocks, Insert W block.

UNIT V

Print – Printer Manager style, style manager, plot, layout management – model space and paper space over view, working in model space.

REFERENCES:

SEMESTER - V

SUBJECT TITLE: PART - III CORE PAPER VII - APPLIED ARTS

NUMBER OF CREDIT HOURS: 5

SUBJECT DESCRIPTION:

This course presents the importance of art objects, creating art pieces using different materials, tools used in making drawing and painting.

OBJECTIVES:

- To enable the students to
- Understand the techniques of art
- To apply the principles in creating art objects for home decoration.

UNIT I

Meaning and significance of art in the home- Factors affecting art forms-geography, community, materials, individuality and appearance, Developing skills for appreciation of art, Evaluation of art objects-Basic guidelines in evaluating art objects.

UNIT II

Shaping and Enrichment of different materials. Wood-Methods of shaping and decorating- Printing, Varnish, shellac, lacquer. Woodwork- cutting, turning, carving.

Metals and Alloys — Enrichment of metals- aluminium, bronze, brass, silver, copper and gold.

Ceramics- Definition, ornamentation on ceramics — earthenware, stoneware, china, porcelain and terracotta.

Glass- enrichment of glass-etching, engraving, cutting, enameling, painting, use of glass in home.

Mosaic-creating art pieces with mosaics.

UNIT III

Sculpture- Meaning, Modeling and molding, use of sculpture at home, care, use and maintenance.

Drawing-Meaning, tools and Techniques of drawing

Painting- tools, canons of painting, types, use ,care and maintenance.

UNIT IV

Photography- Principles involved while taking photographs, developing and making prints, Use of photographs in interior decoration

UNIT V

Crafts, Macrame, Decoupage, Fabric painting, Glass painting, oil painting and collage.

RELATED EXPERIENCES

1. Drawing different designs with different tools — Pencil, Pen, crayon, charcoal, ink, and chalk.
2. Painting using different media — water, oil, fabric, stenciling.
3. Taking photographs and developing prints.
4. Visit to pottery units, metal industry, tie and dye units, and Batik centers.
5. Making ten varieties of art objects.
6. Home management residence stay within the campus
7. Internship in the housekeeping department in any one of the reputed hotels and prepare a project report.

SUBJECT TITLE: PART - III CORE PAPER - VIII BASICS IN ARCHITECTURE

NUMBER OF CREDIT HOURS : 5

SUBJECT DESCRIPTION:

This course presents the history of architecture, greek, roman, gothic, Indian architecture and modern architecture.

OBJECTIVES:

Enable the students to
Learn the form of construction in architecture.
Gain knowledge on western architecture and Indian architecture.
Learn the features of modern architectures and the influence of vaasthu sastra in building construction.

UNIT I

Introduction to architecture- Definition and meaning, importance, principles of architecture. Development of Historic architecture.

UNIT II

Elementary forms of construction - arch, post, lintel, cantilever roofing techniques - truss, vaults and domes.

Egyptian and Mesopotamian architecture - Formation and development, characteristic features, typical examples.

UNIT III

Architectural masterpieces of other countries

Greek - Acropolis and Parthenon; their contribution to the development of post and lintel system-doric, ionic and Corinthian orders.

Roman- Forum, Pantheon and colosseum ; their contribution to the development of arches and domes.

Gothic- Chartres cathedral ; their contribution to the development of vaults.

UNIT IV

Indian Architecture-Buddhist-characteristic features-Stambha, Stupa-Sanchi stupa, Viharas and chaityas.

North - Sun temple, Lingaraja temple, Ajantha and Ellora Caves, Tajmahal, Lotus Temple-its architectural features.

South – Brihadeshwar temple, Meenakshi Amman Temple, Rock cut Temples – Mahabalipuram – its architectural features.

Islamic architecture – characteristic features.

UNIT V

Modern architecture- modern materials and new techniques, Great Architects of modern age- Le Corbusier, Mies Vander Rohe, Frank Lloyd Wright-and their outstanding buildings.

Influence of vasthu sastra in modern construction, Organic architecture.

REFERENCES:

1. Satyamurthy (1991), Handbook of Indian Architecture, Ashish publishing house, New Delhi.
2. Rai,M. and Jaisingh, M.P (1986), Advances in building materials and construction, Roorkee Central Building Research Institute.

SUBJECT TITLE: PART - III CORE PAPER - IX INTRODUCTION TO TEXTILES AND CLOTHING

COURSE NUMBER:

NUMBER OF CREDIT HOURS : 5

SUBJECT DESCRIPTION:

This course deals with textile fibers, weave and finishes, printing techniques, drafting and stitching.

OBJECTIVES:

To enable the students to

Know about the various textile fiber, weave and finishes.

Learn the basic sewing operation

Gain knowledge on different dyeing, and printing methods.

UNIT I

Introduction to textiles-fiber-definition, classification, uses, Yarn-definition, classification, spinning-definition and importance, Fabric-definition, classification, Basic weaves-plain, rib, basket, twill, satin and sateen, Weaving-definition.

UNIT II

Knitting- Definition, types, difference between weaving and knitting, Textile processing- singeing, desizing, scouring, bleaching, mercerizing, stiffening and softening. Dyeing-Definition of dyes, classification, suitability.

UNIT III

Printing - definition, various styles- block, tie and dye, batik, stencil, screen-printing. Introduction to clothing, basic sewing operations- major parts and their functions. Tools needed for sewing.

UNIT IV

Seams, plackets, sleeves, collars, fasteners. Definition, types, preparation of samples.

UNIT V

Body measurements-fitting principles, drafting of a line frock, drafting-definition, principles and pattern drafting. Drafting of adult's bodice pattern and sleeve.

REFERENCES

1. Mullick.P (2000), Textbook of Home science, Kalyani Publishers, Delhi.

The Indian Textile Journal.

SUBJECT TITLE: GROUP C- APPLICATION ORIENTED SUBJECT-A HOUSEKEEPING AND MANAGEMENT - I

NUMBER OF CREDIT HOURS: 7

SUBJECT DESCRIPTION:

This course deals with objectives, importance, Housekeeping in different institution and functions, concept of resource management.

OBJECTIVES:

- To enable the students
- To know the organizational structure of a Housekeeping department.
- To understand the management of resources applicable to residence course.
- To improve skills in organization of work and prepare for housekeeping jobs.
- To understand the importance and wise use of resources for achieving goals.

UNIT I

Introduction to House keeping Department- Objectives, Organization, Structure of Housekeeping department (small, medium, large), duties of Housekeeping personnel, Housekeeping as a Profession.

UNIT II

Housekeeping in different Institutions- commercial sector and welfare sectors departments that housekeeping Co-ordinates with—reception, catering, Interior Decoration and other related departments.

UNIT III

Functions of Housekeeping department- Desk control, records and registers, key types and control of keys, service pantry-location and essential features, lost and found, fire, emergency and first aid.

UNIT IV

Concept of Management-systems approach-process-planning, implementation, feedback, Significance of decision making, goal setting, standard setting.

UNIT V

Resource Management-Time management, energy management and money management.

REFERENCES:

1. Gross I.H. Crandall E.W.,Knoll H.M.,(1973) Management for modern families, Prentice Hall,New Jersey.

5. Varghese.M.A. etal., (1994), Home Management, Wiley Eastern Ltd, New Delhi.

APPLICATION ORIENTED SUBJECT –A : COMPUTER FUNDAMENTALS

NUMBER OF CREDIT HOURS : 5

SUBJECT DESCRIPTION:

This course intends to develop knowledge on fundamentals of computer.

OBJECTIVES :

Enable the students to

Understand the basics of computer.

Learnt about window basics – MS Excel, MS Power Point.

UNIT I

Computer Appreciation – Introduction, Characteristics, history, computer architecture, computer peripherals, output devices, system software and hardware languages, operating system – DOS, file, directories – creating, changing and renaming files, other dos commands.

UNIT II

Windows basics – working with windows Accessories – windows explorer, note pad, calculator, word pad, files & folders, using menu bar, taskbar & display properties. Word basics – creating simple documents, formatting & Printing. Using tool bar, menu commands and keyboard shortcuts – using auto text, editing, spell check & creating tables.

UNIT III

MS excel – Entering data, selecting ranges. Entering and formatting entries – simple calculations. Naming cells and ranges – data display – printing worksheets & creating graphs.

MS Access basics - creating a table, entering and adding records, applications.

UNIT IV

MS Power point basics – Editing text – adding subordinate points – deleting slides, working in outline view – Using a design template – merging presentations in slides sorter view, applying template – adding graphs – running an electronic slide how adding special effects.

UNIT V

Introduction to Internet – Definition – services – advantages, Browsing – Introduction to world wide web – uses – Multimedia capabilities of www – commercial uses – features of internet – E Mail basics.

REFERENCES :

1. Office 2000 – Complete reference by Stephen. L. Nelson, BPB Publications.
2. PC software for windows made simple by R.K. Taxali – Tata Mc Graw hill pvt publications.
3. Internet in a nutshell by Alexis Leon & Mathews Leon, Leon press, Chennai.

RELATED EXPERIENCES :

1. Ms Word – Type a paragraph and perform – bold, underline, font change, color BG, GF, spell check, line spacing, center heading.

2. Designing an invitation card, a logo of your design, using picture from standard libraries & making corners.
3. Perform mail merge.
4. Draw graphs and learn to prepare and modify worksheets.
5. Create database for maintaining address of your classmates & sort it.
6. Design presentation slides of your choice and if possible add voice.

SUBJECT TITLE : DIPLOMA COURSE PAPER – III THREE DIMENSIONAL MODELING

NUMBER OF CREDIT HOURS : 3

SUBJECT DESCRIPTION:

This course presents the theory of three dimensional modeling using standard primitive tools, Boolean operations.

OBJECTIVES:

On successful completion the students, learnt to make a simple working drawing of plan, elevations, cross sectional view of building.

UNIT I

Introduction to 3D modeling – point fixing method – Absolute, Co ordinate systems, relative cylindrical and relative spherical Co-ordinate systems. Types of model – wire frame model, surface model and solid models.

UNIT II

Standard primitive tools – Box, cone, wedge, torus, cylinder, sphere.

UNIT III

Boolean operations – Union, subtract, Intersect, Interference.

UNIT IV

2D to 3D conversion – Extrude, Revolve. Lighting – types of light – point light, Spot light Direct light camera.

UNIT V

Materials, rendering, Data exchange – Import and export of models.

REFERENCES:

1. Teach yourself AutoCAD, GIBBS, BPE publications, New Delhi.
2. Inside AutoCAD.
3. Omura.G , (2005), Mastering Auto CAD 2005 and Auto CAD LT 2005, BPB publications New Delhi.
4. Saxena.S, (2003), A first course in computers, Vikas publishing house, New Delhi.

SEMESTER - VI

SUBJECT TITLE: CORE PAPER – X MERCHANDISING AND DISPLAY

NUMBER OF CREDIT HOURS : 5

SUBJECT DESCRIPTION:

This course deals with concept of commercial art, Merchandising, Advertising, emphasizing the role of display in sales promotion.

OBJECTIVES:

- To help students
- To learn about the need and use of commercial art.
- To encourage the student to apply theoretical knowledge in arranging the interior and window of a store.
- To know the current trends in commercial art.

UNIT I

Concept of commercial art and merchandising- Meaning, classification, development-recent trends- art, architecture and display.

UNIT II

Consumer and Merchandising - Meaning, significance and classification of consumer, Consumer rights and responsibilities, classification of consumer goods, elements involved in merchandising- grading, branding, labeling, packaging and standardization. Merchandising and distribution- Importance, selection of channels, channels of distribution of goods, techniques of merchandising- selling methods.

UNIT III

Salesmanship-concept - definition, types and qualities of salesman-techniques of salesmanship.

UNIT IV

Advertisement- Definition, importance, classification, features of good advertisement, preparation and techniques, advertisement media- selection, classification and types, poster-importance, characteristics- steps and techniques in poster making.

UNIT V

Merchandise Display-Interior display- principles and requirements- types of merchandise display- window display- meaning, principles and factors and rules. Window arrangement-art and psychology, principles - techniques in window display.

REFERENCES

6. Thakur,D. (1990) Marketing and Sales Management, Deep and Deep publications, New Delhi.

RELATED EXPERIENCES:

1. Preparing advertisement on consumer goods.
2. Evaluating different media used for advertisement.
3. Preparing ideal posters on recent issues.
4. Collect and make an album of various advertisements.
5. Visit to merchandise shops and observe the techniques of selling, interior and window display.

SUBJECT TITLE: PAPER - III - CORE PAPER – XI ENTREPRENEURIAL DEVELOPMENT

NUMBER OF CREDIT HOURS : 5

SUBJECT DESCRIPTION:

This course intends to develop entrepreneurship skills in students by understanding the process and procedure of setting up small enterprises and managing them effectively.

OBJECTIVES:

- To enable the students to
- Develop entrepreneurial aptitude.
- Analyze the environment related to small scale industry and business.
- Understand the process and procedures of setting up small enterprises.
- Develop Management skills for entrepreneurship development.

UNIT I

Entrepreneurship - Entrepreneur, Enterprise and Entrepreneurship - meaning, need, transition from income generation to self employment and Entrepreneurship, qualities of a good entrepreneur, problems of entrepreneurs.

UNIT II

Factors influencing entrepreneurial development - Economic, Legal, Socioeconomic, Psychological and Environmental factors. Motivation – theory of motivation.

UNIT III

Agencies supporting entrepreneurial development programme - SIDCO, DIC, TIIIC, EDII. Schemes for assistance-current schemes and programme for individual and group support.

UNIT IV

Project identification and classification - Meaning of Projects, Project identification, Project Classification, internal and external constraints, Project objectives. Elements of project formulation.

UNIT V

Project proposal - Proposal format and content - steps in its preparation, feasibility, testing, SWOT analysis.

RELATED EXPERIENCE:

1. Visit to SIDCO, DIC and TIIC.
2. Case study of an enterprise and two entrepreneurs.
3. Preparation of a project proposal for funding.

REFERENCES:

1. Gupta C.B, and Srinivasan N.P, Entrepreneurship development in India, Sultan Chand & Sons, New Delhi, 2004.

SUBJECT TITLE: GROUP C - APPLICATION ORIENTED SUBJECT-B HOUSEKEEPING AND MANAGEMENT - II

NUMBER OF CREDIT HOURS : 5

SUBJECT DESCRIPTION:

This course deals with interior designing in hotels, explaining planning trends of guest rooms, styles of table setting in food service.

OBJECTIVES:

- To enable the students
- To understand the importance of interior design in creating beautiful interior in hotels.
- To learn different styles of table setting.
- To understand the layout and functions of front office in hospitality management.

UNIT I

Interior designing in hotels, motels and other types of restaurant-coffee shop, continental restaurant, specialty restaurant, pubs, night clubs, snacks and milk bar.

UNIT II

Planning trends of guest rooms-bedroom, bathroom, suite, lounge, cloak room. Selection and arrangement of furniture, carpet, lighting, flower arrangement and potted plants suitable for the rooms and areas.

UNIT-III

Table setting-Formal and informal, Indian and Western styles, setting for different occasions. Operating equipment- Classification of crockery, cutlery, glassware, hollowware and flatware-upkeep and maintenance of equipment and table linen.

UNIT IV

General maintenance - Cleanliness of all rooms-furniture, furnishings and accessories. Bed and bedding size, care and cleaning of beds, bed linen, blankets, bedspreads and mattress, cover and pillow mattresses.

UNIT V

Introduction to front office, layout of front office and different front office equipment, importance of hospitality industry, duties and responsibility, ideal qualities of a front office staff and job description of a front office assistance.

APPLICATION ORIENTED SUBJECT –B COMPUTER AIDED INTERIOR DESIGN

NUMBER OF CREDIT HOURS : 5

SUBJECT DESCRIPTION:

This course intends to develop knowledge on application of computers in interior design.

OBJECTIVES :

Enable to students to understand the important features of 2D drafting.
Learnt about the use of 3ds max in interior design.

UNIT I

Real time application of CAD in interiors and exteriors – use of CAD in designing of buildings.

UNIT II

Important features of 2D drafting – line, circle, arc, ellipse, copy, move, scale, rotate, trim, extend, stretch.

UNIT III

Data conversion – Auto CAD to 3ds max, Import and Export of files in CAD.

UNIT IV

Introduction to 3ds max – standard primitives, Boolean operations, lattice, twist and bevel modifier.

UNIT V

Extrude, revolve, camera, material, light, rendering.

REFERENCES:

1. Teach yourself AutoCAD, GIBBS, BPE publications, New Delhi.
2. Inside AutoCAD.
3. Omura.G , (2005), Mastering Auto CAD 2005 and Auto CAD LT 2005, BPB publications New Delhi.
4. Saxena.S, (2003), A first course in computers, Vikas publishing house, New Delhi.

RELATED EXPERIENCE

1. Use drawing tool bar draw-line, arc, p line, circle, polygon, solids, etc.
2. Draw simple diagrams using metric and other units & use edit & zoom commands.
3. Draw a floor plan with settings, layers, and dimensions and to scale.
4. Use 3D commands and make interior and exterior views of a building.

SUBJECT TITLE: AOS - HOUSE KEEPING AND MANAGEMENT PRACTICALS

NUMBER OF CREDIT HOURS : 2

SUBJECT DESCRIPTION:

This course presents the layout of housekeeping departments, emphasizing cleanliness in hotels, explaining flower arrangement and vegetable carving, imparting first aid techniques.

OBJECTIVES:

- To enable the students
- To understand the layout and function of housekeeping department.
- To acquire skill in applying design principles in decorating the hotels.
- To understand the cleaning procedures and maintenance of equipment in House Keeping department.

CONTENTS

1. Layout of the housekeeping department.
2. Application of principles of design and color in room setting- reception, lobby, bedroom.
3. Cleaning procedure for the following:
 - a. Wall
 - b. Ceiling
 - c. Furniture (wood)
 - d. Floor
 - e. Carpet
 - f. Upholstery
 - g. Telephone/TV
 - h. Bathroom
4. Stain removal
5. Flower arrangement/vegetable carving
6. Polishing of metal, leather and wood.
7. Table setting for Indian and Western style.
8. Construction of furnishings- sofa cushions, Upholsteries, tablemat, curtains and draperies.
9. Simple first aid techniques.
10. Maintenance of equipment in house keeping department.

FIELD VISIT

Visiting hotels, resort, motels and restaurant to study the cleaning procedure, bed making and other services, house keeping department, linen and laundry.

SUBJECT TITLE: CORE PRACTICAL - III APPLIED ARTS PRACTICALS

NUMBER OF CREDIT HOURS : 2

SUBJECT DESCRIPTION:

This course aims at making the students to appreciate art, explaining the tools and techniques used in creating art objects.

OBJECTIVES:

- To enable the students to
- Develop skills in various art processes.
- Appreciate the aesthetic elements used in art process.
- Acquire skill in making varieties of art objects.

CONTENTS

1. Drawing different designs with different tools - pencil, pen, crayon, charcoal, ink, and chalk.
2. Painting using different media - water, oil, fabric, stencils.

3. Taking photographs and developing prints.
4. Making ten varieties of art objects & display.
5. Home management residence stay within the campus.
6. Internship in the housekeeping department in any one of the reputed hotels and prepare a project report.
7. Record.

SUBJECT TITLE: PROJECT ON DESIGN DEVELOPMENT

NUMBER OF CREDIT HOURS : 2

SUBJECT DESCRIPTION:

This course emphasizes the importance of doing project on design development using drafting technique and CAD.

GOALS:

To enable the students to use the CAD commands and drafting techniques to do project work.

OBJECTIVES:

On successful completion of this project the students should have learnt to use the various drafting techniques and software on computer aided design to do project.

CONTENTS:

A project work should be undertaken by the students entitled project on design development and a project report should be submitted at the end of the VI semester during the project viva-voce.

SUBJECT TITLE : DIPLOMA COURSE COMPUTER AIDED DESIGN PRACTICAL – I

NUMBER OF CREDIT HOURS : 2

SUBJECT DESCRIPTION

This paper presents the drawing of two dimensional diagrams – residential building using computer.

OBJECTIVES:

Enable the students to draw floor plan, elevation, cross – sectional view using Auto CAD commands.

CONTENTS

1. Creating line using point fixing methods.
2. Drawing circle, arc, ellipse, rectangle, polygon using different methods.
3. Creating a plan and use of modification tools such as erase, copy, move, scale, rotate, trim, extend, array, offset, mirror, break and stretch.
4. Creating text using text style, text edit, line type and weight.
5. Use of zoom, pan, view command in a drawing.
6. Drawing a floor plan with settings, layers and dimensions, and to scale.
7. Drawing elevation, cross sectional view for the floor plan.

SUBJECT TITLE : DIPLOMA COURSE COMPUTER AIDED DESIGN PRACTICAL – II

NUMBER OF CREDIT HOURS : 2

SUBJECT DESCRIPTION

This practical paper contains drawing of 3D models from 2D drawings.

OBJECTIVES:

Enable the students to create 3D modeling from 2D drawings.

CONTENTS

1. Creating polyline and editing of polyline. Creating spline and editing of spline.
2. Marking dimensions in a drawing by using Dimension edit, dimension styles.
3. Creating 3D model using point fixing methods.
4. Drawing of Box, cone wedge, torus, cylinder and sphere.
5. Use of Boolean operations in 3D drawing.
6. Converting of 2D drafting into 3D modeling using extrude, revolve.
7. Creating furniture, applying materials. fixing of lights, rendering in the existing plan

Model Question Papers

First Semester

PART – III - INTERIOR DESIGN

CORE PAPER I – FUNDAMENTAL OF DESIGN

Time : Three hours

Maximum : 100 marks

SECTION A – (10 X 1 = 10 Marks)

Answer ALL Questions

Fill in the blanks

1. Any arrangement of lines, forms, colours and texture is referred as _____.
2. Vertical line symbolizes _____.
3. Balance is either _____ or _____.
4. Radiation is one of the means of producing _____.

5. Surface quality of material is called as _____

Define the following

6. Decorative design
7. Emphasis
8. Value
9. Golden oblong
10. Secondary colour.

SECTION B – (5 X 6 = 30 Marks)

Answer ALL Questions

Each answer should not exceed 300 words.

11. (a) Write on the application of motifs on commercial buildings
(or)
(b) How will you achieve harmony in arranging furniture?
12. (a) What is balance? Explain formal balance with illustrations.
(or)
(b) What is harmony? Explain the different aspects of harmony with examples.
13. (a) Bring out the importance of good taste in home decoration.
(or)
(b) State the objectives of interior designing.
14. (a) Briefly state the points to be remembered while decorating a wall plate.
(or)
(b) Stress the importance of making good structural design.
15. (a) State the qualities of a good interior designer.
(or)
(b) Write on the job opportunities of a good interior designer.

SECTION C – (5 x 12 = 60 Marks)

Answer ALL Questions

Each answer should not exceed 800 words.

16. (a) Discuss the elements of design with illustrations.
(or)
(b) Write on the application of elements to form design.
17. (a) Apply rhythm, emphasis and proportion in decorating the interior of a house.
(or)
(b) Explain the consumer of design concepts in the exterior of a house.
18. (a) Man as a consumer of design can improve the quality of interior decoration – comment.

- (or)
- (b) Qualities and role of a good interior designer is most important than the knowledge of principle of design in interior decoration – comment.
19. (a) Define design. Compare good and bad structural and decorative design with suitable examples..
- (or)
- (b) Classify design with suitable examples.
20. (a) Discuss the changing trends and salient features of interior decoration in the modern era.
- (or)
- (b) Briefly explain the development of interior design today.

CORE PAPER II – COLOUR & LIGHTING

Time : Three hours

Maximum : 100 marks

Draw diagram wherever necessary

SECTION A – (10 X 1 = 10 Marks)

Answer ALL Questions

Fill in the blanks

1. Yellow is a _____ colour.
2. Degree of darkness of any colour is known as _____.
3. The number of principle hues in Munsell system are _____.
4. Violet is a direct complement of _____.
5. Brightness or dullness of a colour is indicated by _____.

Answer the following in one or two sentences

6. Write the dimensions of colour.
7. Mention the types related colour harmonies.
8. List the secondary colour in prang colour chart.
9. Define glare.
10. What do you mean by accessories?

SECTION B – (5 X 6 = 30 Marks)

Answer ALL Questions

Each answer should not exceed 300 words.

11. (a) Explain the concept of colour.
- (or)
- (b) What is the role of colour in bringing about a semblance of change in a rooms proportion?
12. (a) Explain analogous colour harmony in Prang colour chart with suitable examples.
- (or)
- (b) Explain the merits of related colour harmony in decorating a small room.

- 13 (a) State the qualities of colour and give examples.
(or)
(b) What is meant by illusion of colour? Give examples
- 14 (a) What points will you bear in mind while selecting lamps for a room?.
(or)
(b) Give an account of lighting fixtures.
15. (a) What type of colour scheme will you recommend for a bed room facing South? Why?.
(or)
(b) The mood of a room can be expressed in its colour – justify.

SECTION C – (5 x 12 = 60 Marks)

Answer ALL Questions

Each answer should not exceed 800 words.

16. (a) Describe suitable colour harmonies for different rooms – justify your reasons.
(or)
(b) Discuss the factors to considered in selected colour for the exterior of the house.
17. (a) Discuss Munsell colour system and its importance in the interior decoration.
(or)
(b) Describe Prang Colour system
18. (a) Write an essay on “Lighting in the house”
(or)
(b) Explain the lighting requirements with recommended wattage in the bed room, bathroom and stair case.
19. (a) What is glare? State the types of glare and the ways and means of preventing glare.
(or)
(b) Describe the methods of artificial lighting in the interior of the house.
20. (a) Discuss the type of lighting will you suggest for different household activities. Justify your reasons.
(or)
(b) Discuss the specific factors you would consider while planning lighting for the house.

Allied Subject – FOOD PRESERVATION - I

Time : Three hours

Maximum : 75 marks

Draw diagram wherever necessary

SECTION A – (10 X 1 = 10 Marks)

Answer ALL Questions

Fill in the blanks

1. Mesophilic bacteria are those which multiply best at temperatures between _____.
2. Bacteria's which can grow in an atmosphere devoid of oxygen but manage also in air are called _____.
3. Amoebic dysentery is caused by _____.
4. The dehydration of food in an unwrapped condition is known as _____.
5. Combination of partial dehydration and freezing is called _____.

Answer the following in one or two sentences

6. What is Asepsis?
7. Explain the term canning.
8. Define pasteurization.
9. Define food spoilage.
10. List any two chemical preservatives.

SECTION B – (5 X 5= 25 Marks)

Answer ALL Questions

11. (a) What are the principles of food preservation?
(or)
(b) What are the factors contributing to food spoilage?
12. (a) Differentiate between refrigeration and freezing.
(or)
(b) Describe the effect of cold on microorganism.
13. (a) Explain pasteurization process.
(or)
(b) Describe the effect of heat on microorganisms.
14. (a) List the advantages of drying.
(or)
(b) What are the uses of radiation.
15. (a) What is fermentation? List the benefits of fermentation.
(or)
(b) Explain the role of chemical preservatives in food preservation

SECTION C – (5 x 8 = 40 Marks)

Answer ALL Questions

16. (a) How can you control the growth of micro organisms in foods?
(or)
(b) Write short notes on Bacteria, Yeasts and Molds.
17. (a) What are the methods of freezing.
(or)
(b) Describe the changes undergone during freezing and thawing.
18. (a) Give the steps involved in canning of fruits and vegetables.
Explain spoilage of canned foods
(or)
(b) Explain different methods of pasteurization.
19. (a) What are the methods of drying?
(or)
(b) Explain the methods of concentration.
20. (a) How can you control fermentation in foods?
(or)
(b) What is the principle involved in the preservation of jams and jellies? Give the method of making jam stepwise.

CORE PAPER III – PLANNING THE LIFE SPACE

Time : Three hours

Maximum : 100 marks

SECTION A – (10 X 1 = 10 Marks)

Answer ALL Questions

Fill in the blanks

1. The best location for kitchen is _____.
2. Lighting required for reading is _____ foot candles
3. Granite is obtained from _____ rock.
4. HUDCO was established in the year _____.
5. Fear of enclosed area is _____

Answer the following in one or two sentences

6. List four important functions of a house.
7. Give the meaning of orientation of the house.
8. Define prefabrication.
9. What is meant by life space?
10. Expand HDFC.

SECTION B – (5 X 6 = 30 Marks)

Answer ALL Questions

Each answer should not exceed 300 words.

11. (a) Write briefly on the concept of space.

- (or)
- (b) What are the factors which influence living space in home?
12. (a) How will you provide circulation in a house?
(or)
(b) Explain how privacy can be provided in a house.
13. (a) What are the factors which contribute to livability in homes?
(or)
(b) Write notes on cast in site with its advantages.
14. (a) Suggest two environment friendly building materials. Give reasons
(or)
(b) What are the advantages of using brick in stead of stone in construction of walls?
15. (a) What is the role of HDFC towards housing?
(or)
(b) Describe the spaces used as private areas.

SECTION C – (5 x 12 = 60 Marks)

Answer ALL Questions

Each answer should not exceed 800 words.

16. (a) Enumerate the factor you will consider while selecting a site.
(or)
(b) Discuss the various finishes used on floors.
17. (a) Differentiate between general purpose lighting and specific purpose lighting.
(or)
(b) Illustrate different types of kitchen. Suggest the best for middle income family.
18. (a) What is plastering? Explain different types of plastering..
(or)
(b) Enumerate the role of banks as housing financing agencies.
19. (a) What are the advantages and disadvantages owning a house?.
(or)
(b) Would you like to live in a flat or an independent house? justify your answer.
20. (a) Suggest practical ideas for effective economy for electrification of a house.
(or)
(b) How can one economize the construction cost of house?

Allied - FOOD PRESERVATION – II

Time : Three hours

Maximum : 75 marks

SECTION A – (10 X 1 = 10 Marks)

Answer ALL Questions

All questions carry equal marks

Fill in the blanks

1. Wheat Protein is known as _____.
2. Yeast is a _____ leavening agent.
3. The method of introducing fat into flour for short crust pastry is _____.
4. Royal icing is made of _____.
5. The principal protein in milk is _____.

Define the following

6. Bread Improvers
7. Cookies
8. Hard water
9. Proofing
10. Icing

SECTION B – (5 X 5 = 25 Marks)

Answer ALL Questions Choosing either (a) or (b) in each.

All questions carry equal marks

11. (a) Write the ingredients used in bread making
(or)
(b) Mention the types of flour.
12. (a) What are the types of icing used in decoration of vaked products.
(or)
(b) Write the role of yeast in baking
13. (a) What is the role of egg in baking of cake?
(or)
(b) Write short notes on shortening.
14. (a) Mention the flavoring materials used in cake preparation.
(or)
(b) Discuss the role of milk in bread making.
15. (a) Write the functions of water in bread making
(or)
(b) What are the strategies to control microbial hazards in bakery?

SECTION C – (5 x 8 = 40 Marks)

Answer ALL Questions
All questions carry equal marks

16. (a) Explain the principles involved in baking.
(or)
(b) Describe the chemical and biological leavening agents.
17. (a) Explain the importance and role of gluten in baking.
(or)
(b) Write the composition and types of milk.
18. (a) Explain the ingredients used and methods of making biscuits.
(or)
(b) Write the ingredients and methods of making pastry.
19. (a) Explain the types of cakes.
(or)
(b) Discuss the stages involved in the preparation of bread.
20. (a) What are the factors to be considered in setting up a bakery unit?
(or)
(b) Explain the methods adopted in maintaining quality control in bakery.

CORE PAPER IV – DRAFTSMANSHIP

Time : Three hours

Maximum : 100 marks

Support with sketches wherever necessary

SECTION A – (10 X 1 = 10 Marks)

Answer ALL Questions

Fill in the blanks

1. Front view of a building is known as _____.
2. T-Square is mainly used for drawing _____ lines.
3. “H” in the grade of drawing pencil denotes _____.
4. The projection of three axes making equal angles with plane is known as _____.
5. The symbol  refers to _____.

Answer the following in one or two sentences

6. What do you mean by draftsmanship?
7. List the different types of scales used by draftsman.
8. Indicate the three principal views in orthographic projection.
9. What do you mean by isometric projection.
10. Draw any two structural symbols.

SECTION B – (5 X 6 = 30 Marks)

Answer ALL Questions

Each answer should not exceed 300 words.

11. (a) What are the important instruments needed for a draftsman?
(or)
(b) Discuss briefly the advantages of adjustable set – square and protractor.
12. (a) Discuss the role of two dimensional drawings and three dimensional drawings.
(or)
(b) What is normal-eye view perspective drawing?
13. (a) Compare a tracing cloth with tracing paper.
(or)
(b) What is a drafting medium? What are its uses?
14. (a) Discuss the advantages of the transparent edge a T square.
(or)
(b) Draw the electrical symbols.
15. (a) Write briefly the advantages of polyester film.
(or)
(b) Discuss on the isometric drawing, its types and its advantage.

SECTION C – (5 x 12 = 60 Marks)

Answer ALL Questions

Each answer should not exceed 800 words.

16. (a) Discuss on the methods of representation of various materials in drawings.
(or)
(b) What are the various aspects to be shown by a door symbol and window symbol?
17. (a) Write notes on types of lines used in drawings with illustration.
(or)
(b) Describe in detail the two types of lettering
18. (a) Discuss the role and responsibility of a draftsman.
(or)
(b) Discuss the preparation of a drafting set up in an drawing office.
19. (a) Discuss on the various types of dimensions and their application in drawings.

- (or)
- (b) Describe the layout of drawing sheet and the typical title block arrangement.
20. (a) Discuss on the single point perspective view and its use.
- (or)
- (b) Discuss on principles of perspective projection and explain the terms related to perspective projection.

INTERIOR AND EXTERIOR TREATMENTS

Time : Three hours

Maximum : 100 marks

SECTION A – (10 X 1 = 10 Marks)

Answer ALL Questions

All questions carry equal marks

Fill in the blanks

1. Intricate design inlaid in wood is known as _____
2. Joining of furniture by nailing or gluing two ends together is known as _____
3. _____.
4. PVC is _____.
5. Lacquer finish is common on _____ furniture.
5. _____ is a plywood in which the grain of successive layers goes in the same direction.

Define the following

6. Curing
7. Veneer
8. Softwood
9. Carving
10. Embossing

SECTION B – (5 X 6 = 30 Marks)

Answer ALL Questions

All questions carry equal marks

11. (a) What are the requirements for good acoustics?.
 - (or)
 - (b) What is meant by water proofing?.
12. (a) Enumerate the different types of paints.
 - (or)
 - (b) Write short notes on terracotta.
- 13 (a) What are the requirements of a good building stone?.

- (or)
14. (b) What is meant by 'Plaster of Paris'.
(a) What are the finishes used for wood?
(or)
15. (b) Explain mosaic flooring.
(a) Explain in brief, the essential requirements of a floor.
(or)
- (b) State the characteristics of an ideal varnish.

SECTION C – (5 x 12 = 60 Marks)

Answer ALL Questions

All questions carry equal marks

16. (a) What are the factors influencing the interior and exterior treatments?
(or)
- (b) Define carpets. State the different types of carpets used in the treatment of floors.
17. (a) Explain the method of selection, care and maintenance of any two interior walls.
(or)
- (b) Explain the method of selection, laying and maintenance of any two exterior walls.
18. (a) Write short notes on :
(i) Mud Flooring (ii) Terrazzo flooring.
(or)
- (b) Explain the method of construction of following resident floor finishes:
(i) Linoleum flooring (ii) Vinyl flooring
19. (a) Explain the different types of roofs.
(or)
- (b) Define plastering. Explain the process of plastering.
20. (a) What are the different types of doors? Explain with sketches.
(or)
- (b) What are the different types of windows? Explain with sketches.

FLORICULTURE

Time : Three hours

Maximum : 75 marks

SECTION A – (10 X 1 = 10 Marks)

Answer ALL Questions

Fill in the blanks

1. Branch of horticulture that deals with the culture of not only the flowering plants but also the decorative foliage plants are called _____

2. The transfer of pollen from and another to a stigma is called _____
3. Japanese art of culturing miniature, potted trees and shrubs which have been dwarfed is _____
4. A group of succulents belonging to the family cactaceae is _____
5. The capacity of a soil to supply nutrients to plants in adequate amount and in suitable proportion is called on _____

Define the following

6. Biennials
7. Climbers
8. Grafting
9. Vermicompost
10. DDT

SECTION B – (5 X 5 = 25 Marks)

Answer ALL Questions

All questions carry equal marks

11. (a) Define floriculture and its importance in Indian economy.
(or)
(b) What is the role of ornamental plants?
12. (a) Mention the types of climbers
(or)
(b) Write notes on shrubs.
13. (a) What are the various methods of cutting?
(or)
(b) State the advantages of tissue culture
14. (a) Write the preparation of soil for rose cultivation.
(or)
(b) Explain the cultivation of shrubs
15. (a) Describe briefly the structure of soil
(or)
(b) What are the causes of out break of pest?

SECTION C – (5 x 8 = 40 Marks)

Answer ALL Questions

All questions carry equal marks

16. (a) Give the classification of annual and perennials :
(or)
(b) Write notes on
 - (i) Hard bulbs
 - (ii) Tender Bulbs

- (or)
- (b) Discuss on the general features of modern furniture.
- 13 (a) Explain furniture requirement of a living room.
(or)
- (b) Discuss the general principles of furniture arrangement
- 14 (a) Write short notes on upholstered furniture
(or)
- (b) Explain the types of furnishing materials and construction used in interior design.
15. (a) Give an account of soft furnishings
(or)
- (b) Explain the different types of curtains

SECTION C – (5 x 12 = 60 Marks)

Answer ALL Questions

All questions carry equal marks

16. (a) Enumerate the different styles of furniture and its use in the interior.
(or)
- (b) Discuss the factors involved in the selection of furniture. Suggest suitable furniture for families living in a city belonging to middle income group.
17. (a) Explain the construction features of furniture
(or)
- (b) What points will you consider in arranging furniture in different rooms?
18. (a) Explain the ornamental design introduced in wood work.
(or)
- (b) Explain in detail the application of art principle in furniture arrangement.
19. (a) Describe the different types of furnishings used in window treatment.
(or)
- (b) Explain the different types of carpet (any four).
20. (a) Explain the procedure adopted to remove stains.
(or)
- (b) What precautions would you take in laundering household linen?

LANDSCAPING

Time : Three hours

Maximum : 75 marks

SECTION A – (10 X 1 = 10 Marks)

Answer ALL Questions

All questions carry equal marks

Fill in the blanks

1. An art of arranging flowers that is practiced by great Japanese master is _____.
2. A stretch of land beautiful and covered with trimmed grass is called as _____.
3. _____ is a rectangular glass case with a cover inside of which small plants are grown for indoor decoration.
4. The garden development on the rock with other ornamental plants are called _____.
5. Arrangement of potted plants around the trees is known as _____.

Define the following

6. Bonsai
7. Hedges
8. Turfing
9. Tissue culture
10. Pot culture

SECTION B – (5 X 5 = 25 Marks)

Answer ALL Questions

All questions carry equal marks

11. (a) Give the importance of landscape gardening.
(or)
(b) Explain the types of gardens.
12. (a) State the importance of lawn.
(or)
(b) Write about Terrace garden.
13. (a) Give short notes on indoor plants.
(or)
(b) Mention the containers used for grouping indoor plants.
14. (a) Write the styles in flower arrangement.
(or)
(b) What are the three great element of Life in Ikebana?
15. (a) Write short notes on rock garden.
(or)
(b) Briefly explain water gardening

SECTION C – (5 x 8 = 40 Marks)

Answer ALL Questions

All questions carry equal marks

16. (a) Explain the principles of landscape gardening.
(or)
(b) Write short notes on
(i) Formal garden design

(ii) Informal garden design

17. (a) What are the Qualities of a good lawn?
(or)
(b) Describe the preparation of lawn.
18. (a) Explain the arrangements and care of potted plants in the house.
(or)
(b) Write the Japanese style of flower arrangement.
19. (a) Comment on the difference between Ikebana and Western styles of flower arrangement.
(or)
(b) Write short notes on miniature garden.
20. (a) Explain about roof garden and hanging garden.
(or)
(b) What are the points to be considered while selecting plants for Bonsai?

APPLIED ARTS

Time : Three hours

Maximum : 100 marks

SECTION A – (10 X 1 = 10 Marks)

Answer ALL Questions

All questions carry equal marks

Fill in the blanks

1. A type of inlay in which shell, bone, ivory are inlaid in hardwood veneer is called as _____
2. To clean enamel _____ is used
3. Pewter is an alloy of tin with _____
4. _____ is an art of decorating with knots
5. _____ refers combining different pieces of paper or cloth to give an attractive effect.

Define the following

6. Ceramics
7. Sculpture
8. Latent Image
9. Decoupage
10. Good taste

SECTION B – (5 X 6 = 30 Marks)

Answer ALL Questions

All questions carry equal marks

11. (a) Write the factors affecting art forms.

- (or)
- (b) Write short notes on terracotta.
12. (a) Discuss the significance of art in the home
(or)
- (b) Give the importance of glass.
- 13 (a) Write short notes on woodwork
(i) Carving (ii) Turning
(or)
- (b) Write short notes on earthenware
- 14 (a) Discuss the use of photographs in interior decoration.
(or)
- (b) What are the tools used in drawing?
15. (a) Write short notes about decoupage
(or)
- (b) Write about oil painting.

SECTION C – (5 x 12 = 60 Marks)

Answer ALL Questions

All questions carry equal marks

16. (a) Explain the basic guidelines in evaluating art objects.
(or)
- (b) Explain the tools and materials needed for painting.
17. (a) Discuss briefly about enrichment of metals.
(or)
- (b) Describe the methods used in enrichment of glass.
18. (a) Explain the technique of making mosaic.
(or)
- (b) Explain the various techniques used in drawing
19. (a) What is photography? Write the principles involved in taking photographs.
(or)
- (b) Describe the techniques used in sculpture.
20. (a) Explain in detail the tie and dye procedure.
(or)
- (b) Discuss the tools used in painting and its care and maintenance.

BASICS IN ARCHITECTURE

Time : Three hours

Maximum : 100 marks

SECTION A – (10 X 1 = 10 Marks)

Answer ALL Questions

All questions carry equal marks

Fill in the blanks

1. The railing around the stupa is called _____
2. A masonry support built vertically against the outer face of the wall at intervals to resist outer pressure is called _____
3. A shrine with a square plan, domical roof and one finial on the storeys of a South Indian Vimana is called as a _____
4. Tapering or wedge shaped stones used for construction of a true arch is called _____
5. The Sun temple is at _____

Define the following

6. Atrium
7. Roof
8. Colosseum
9. Secular buildings
10. Vaults

SECTION B – (5 X 6 = 30 Marks)

Answer ALL Questions

All questions carry equal marks

(or)
(b) Write on Le Corbusier and his works
19. (a) What are the basic characteristics of Vastu Shastra?
(or)
(b) What are the special features of Meenakshi Amman temple architecture?
20. (a) Bring out the qualities of glass, marble and aluminum as elements of architecture and its usage in homes.
(or)
(b) How would the surroundings contribute to a good structure with respect to climate, available materials and good design prospects?

INTRODUCTION TO TEXTILES AND CLOTHING

Time : Three hours

Maximum : 100 marks

SECTION A – (10 X 1 = 10 Marks)

Answer ALL Questions

All questions carry equal marks

Fill in the blanks

1. Bosket weave is a variation of _____ weave.
2. In warp knitting, the fabric is made by the loops in a _____ direction.
3. The resist printing technique which makes use of wax is _____.
4. A system of drawing patterns on paper with mechanical precision, on the basis of body measurements is defined as _____.
5. Peter pan is a type of _____

Answer the following in one or two sentences

6. Define spinning.
7. Differentiate between dyeing and printing.
8. Mention any four parts of a sewing machine.
9. Define Seams.
10. Define weaving.

SECTION B – (5 X 6 = 30 Marks)

Answer ALL Questions

All questions carry equal marks

11. (a) Define yarn. Write about simple yarns and novelty yarns.
(or)
(b) Write short notes on Twill weave
12. (a) Differentiate between weaving and knitting.
(or)
(b) Write notes on mercerizing and scouring.
- 13 (a) How is block printing done on fabric?
(or)
(b) Write short notes on screen printing.
- 14 (a) Explain the construction of different types of plackets.
(or)
(b) Discuss the construction of mandarian collar.
15. (a) What are the measurements required for constructing an adult's bodice?
(or)
(b) Comment on the merits and demerits of commercial patterns.

SECTION C – (5 x 12 = 60 Marks)

Answer ALL Questions

All questions carry equal marks

16. (a) Explain the manufacturing process of yarns.
(or)
(b) Describe the four basic weaving operations.
17. (a) Explain the classification of dyes.
(or)
(b) Discuss the various finishing process for cotton.
18. (a) Explain in detail the process of resist printing in cotton.
(or)
(b) What are the general and measuring tools required for sewing? How will you take care of sewing machine?
19. (a) What are the different types of sleeves?
(or)
(b) Explain the construction of different types of seams and its uses.

20. (a) Explain the drafting procedure of adult bodice.
(or)
(b) How will you draft and construct A-line frock?

A.O.S. - HOUSE KEEPING AND MANAGEMENT - I

Time : Three hours

Maximum : 75 marks

SECTION A – (10 X 1 = 10 Marks)

Answer ALL Questions

All questions carry equal marks

Fill in the blanks

1. A symbol 'ooo' outside the guest room of the housekeeping department indicates _____.
2. Main communication centre of housekeeping is _____.
3. Value based objectives are _____.
4. A Carefully thought out plan of spending the money available for the required period of time is _____.
5. The process of introducing a new comer to his / her environment is known as _____.

Define the following

6. Motel
7. Time Schedule
8. Job Chart
9. Feed back
10. Job rotation

SECTION B – (5 X 5 = 25 Marks)

Answer ALL Questions

All questions carry equal marks

11. (a) Mention the duties of a house keeper.
(or)
(b) Enumerate the details a job chart needs to possess.
12. (a) Classify resources. Give suitable examples.
(or)
(b) What is the significance of feed back?
13. (a) How will you resolve conflicts in managing a house?
(or)
(b) Enumerate the importance of work simplification in household work performance
14. (a) Explain Mundell's classes of change.

- (or)
15. (b) Briefly explain the need for savings.
(a) Prepare a menu cards for a day's menu.
(or)
(b) Prepare a list of duties to be carried out by a linen supervisor.

SECTION C – (5 x 8 = 40 Marks)

Answer ALL Questions

All questions carry equal marks

16. (a) Explain the terms “Stocks and Shares”
(or)
(b) Prepare a general maintenance report in a hospital.
17. (a) What are the characteristics of resources?
(or)
(b) How will you maintain a time schedule during the residence stay?
18. (a) Suggest measures you would adopt to alleviate fatigue.
(or)
(b) Explain various factors involved in planning for a party for twenty five members. (3+3)
19. (a) What are the methods you will adopt in maintaining cleanliness?
(or)
(b) What are the different solid waste disposal methods you would suggest for disposing waste from a hotel?
20. (a) Explain the procedure to be followed in cleaning a bed room
(or)
(b) Enumerate the steps to be followed for maintaining the cleanliness of a bathroom.

AOS – COMPUTER FUNDAMENTALS

Time : Three hours

Maximum : 75 marks

SECTION A – (10 X 1 = 10 Marks)

Answer ALL Questions

All questions carry equal marks

Fill in the blanks

1. The set of instruction is called _____
2. The Acronym of MIPS is _____

3. _____ finds an existing file.
4. _____ reverses the last command.
5. _____ displays the address of the current cell.

Define the following

6. Power point
7. Graphics
8. Internet
9. HTML
- 10 Software

SECTION B – (5 X 5 = 25 Marks)

Answer ALL Questions

All questions carry equal marks

11. (a) Draw the schematic diagram of a computer system.
(or)
(b) Write about third generation computers.
12. (a) Write short notes on short cut keys.
(or)
(b) Write about Entering Data in Access Table.
- 13 (a) Write short notes on column headers in MS EXCEL
(or)
(b) Explain about Navigating Worksheet.
- 14 (a) Write about ADDING CHART TITLES in PowerPoint
(or)
(b) Illustrate the steps involved in starting a New Presentation.
15. (a) What is ISDN? Write few lines.
(or)
(b) Write about Internet Explorer.

SECTION C – (5 x 8 = 40 Marks)

Answer ALL Questions

All questions carry equal marks

16. (a) Write about the classification of softwares.
(or)
(b) Write down the key types.
17. (a) Write short notes on Auto Formatting a Document.
(or)
(b) Write down the events of Mouse.

18. (a) Write about entering and copying the formula in MS EXCEL
(or)
(b) Illustrate the steps involved in creating an Access Data Base.
19. (a) Write about Reordering slides.
(or)
(b) Write about changing the design in slide sorter view.
20. (a) Write about basic uses of Internet.
(or)
(b) Write in detail about HTML.

MERCHANDISING AND DISPLAY

Time : Three hours

Maximum : 100 marks

SECTION A – (10 X 1 = 10 Marks)

Answer ALL Questions

All questions carry equal marks

Fill in the blanks

1. A small slip placed on anything to denote its nature, contents, ownership and destination is _____.
2. The path through which goods move from the place of production to the place of consumption is _____.
3. In mural advertising, the posters are pasted on _____.
4. The way of displaying the articles inside a glass window is called _____.
5. The automatic selling device is known as _____.

Define the following

6. Trade mark
7. Merchandising
8. Salesmanship.
9. Advertising
10. BIS

SECTION B – (5 X 6 = 30 Marks)

Answer ALL Questions

All questions carry equal marks

11. (a) Write the recent trends in commercial art.
(or)
(b) Classify channels of distribution in marketing.

12. (a) Give the characteristics of wholesalers
(or)
(b) Bring out the advantages of labeling
13. (a) Write the objectives of sales promotion
(or)
(b) Outline the advantages of multiple shops.
14. (a) What are the responsibilities of a consumer?
(or)
(b) Discuss the essential features of good advertisement.
15. (a) Write the characteristics of a good poster.
(or)
(b) Bring out the policies for window display

SECTION C – (5 x 12 = 60 Marks)

Answer ALL Questions

All questions carry equal marks

16. (a) Define consumer. Write the factors influencing the consumer in their buying decisions.
(or)
(b) Define channel of distribution. Explain the channel of distribution through wholesaler and retailer.
17. (a) Discuss the consumer rights in detail
(or)
(b) Explain the advantages and disadvantages of branding.
18. (a) What are the qualities of a good salesman
(or)
(b) Discuss in detail the different types of advertising.
19. (a) Explain the techniques used in poster-making
(or)
(b) Discuss the types used in window arrangement.
20. (a) Draw an advertisement for an item introduced in the market. Explain its function.
(or)
(b) What do you mean by advertising effectiveness? How is it measured?

ENTREPRENEURIAL DEVELOPMENT

Time : Three hours

Maximum : 100 marks

SECTION A – (10 X 1 = 10 Marks)

Answer ALL Questions

Fill in the blanks

1. TCO stands for _____
2. PERT is a _____
3. There is a no profit and no loss at _____ point.
4. Feasibility analysis is an element of _____
5. Funds flow analysis is used in _____

Answer the following in one or two sentence

6. What is an enterprise?
7. Name any two economical factors affecting the entrepreneurial development
8. Expand SIDCO
9. Give the meaning of project
10. Explain the term project proposal

SECTION B – (5 X 6 = 30 Marks)

Answer ALL Questions

Each answer should not exceed a page.

11. (a) Who is an adoptive entrepreneur? Explain
(or)
(b) Write a short note on functions of entrepreneur.
12. (a) State the importance of feasibility studies in project formulation.
(or)
(b) What are the various sources of business ideas?
- 13 (a) What are the objectives of ICICI?
(or)
(b) List out the forms of assistance provided by SFCs
- 14 (a) State the problems of small scale industries.
(or)
(b) Briefly explain the need for incentives to SSI units.
15. (a) What are the functions of NSIC
(or)
(b) Discuss briefly the role of DIC in promoting entrepreneurship.

SECTION C – (5 x 12 = 60 Marks)

Answer ALL Questions

Each answer should not exceed 2 pages.

16. (a) Describe the qualities of a successful entrepreneur.
(or)
(b) Explain the environmental factors that affect entrepreneurship development in India.
17. (a) Discuss the use of network analysis in project design.

- (or)
- (b) Briefly discuss the various ways in which projects are classified.
18. (a) Explain the role of TIIC in providing institutional finance to entrepreneurs.
- (or)
- (b) Describe the procedure for obtaining loans from the financial institutions
19. (a) What are the various incentives and concessions available to SSIs? Explain them.
- (or)
- (b) Describe the steps in promoting an enterprise.
20. (a) Explain the scope for women entrepreneurs in India.
- (or)
- (b) Discuss the role of SSIs in promoting entrepreneurship in India.

AOS – HOUSE KEEPING AND MANAGEMENT II

Time : Three hours

Maximum : 75 marks

SECTION A – (10 X 1 = 10 Marks)

Answer ALL Questions

Fill in the blanks

1. A bidet is used in_____.
2. A set of drawing room and bed room with single, double twin beds is called _____.
3. _____ is the nerve centre of the entire house keeping department.
4. _____ is a trolley meant to stock a given number of linen item, supplies and equipment.
5. Soft window treatment in which light weight, thin fabric is used is _____.

Answer the following in one or two sentences

6. Define motels.
7. Define Lounge
8. Name any four table linen.
9. Give the various sizes of bed.
10. Name any four front office equipment.

SECTION B – (5 X 5 = 25 Marks)

Answer ALL Questions

All questions carry equal marks

11. (a) Define housekeeping. Differentiate between a motel and cafe.
(or)
(b) Mention the conventional types of room.
12. (a) Enumerate the points to be considered while selecting furniture for a common room in a star hotel.
(or)
(b) Write about duplex room.
13. (a) Write down about various types of lighting.
(or)
(b) Brief about the tools used in flower arrangement.
14. (a) Give an account on the care and maintenance of furniture in a Restaurant.
(or)
(b) Mention the different types of flower arrangement.
15. (a) List the rules for table setting.
(or)
(b) Illustrate formal table setting .

SECTION C – (5 x 8 = 40 Marks)

Answer ALL Questions

All questions carry equal marks

16. (a) Explain the Indian style of table service.
(or)
(b) Discuss the upkeep and maintenance of equipment and table linen.
17. (a) Write the general maintenance of care and cleaning of beds.
(or)
(b) What steps should be taken to meet the needs of different guests? Write in detail.
18. (a) Explain the concept of hospitality and service in hotels.
(or)
(b) Describe the Japanese style of flower arrangement.
19. (a) Write the importance of interior design in hotels
(or)
(b) What points will you consider in arranging furniture in different rooms?
20. (a) Write about the care and cleaning of bedspreads and blankets.
(or)
(b) Write about continental restaurant and specialty restaurant.

A.O.S. – Computer Aided Interior Design

Time : Three hours

Maximum : 75 marks

SECTION A – (10 X 1 = 10 Marks)

Answer ALL Questions

Fill in the blanks

1. The units of DD units commands can alter the _____direction.
2. The _____ command in AUTOCAD is actually a flip command.
3. _____ is known as object pointing.
4. The _____ command works differently as a subcommand of DVIEW
5. _____ uses the open command to open a file and file must be sequential

Define the following

6. Dimensioning
7. Layout
8. Drafting Settings
9. Mirror
- 10 Inscribed Polygon

SECTION B – (5 X 5 = 25 Marks)

Answer ALL Questions Choosing either (a) or (b)

All questions carry equal marks

11. (a) Write short notes on application of CAD in interior design.
(or)
(b) Comment on CAD's use in designing of exteriors.
12. (a) How do you get help, while in a command?
(or)
(b) How do you get more buttons on the Toolbar?
13. (a) How will you rotate an object?
(or)
(b) What is the command you use to separate a group of polylines into separate lines?.
14. (a) How will you make a block?
(or)
(b) How do you use dynamic ZOOM?
15. (a) What is the role of 3ds max is a drawing?
(or)
(b) Explain the application of CAD system.

SECTION C – (5 x 8 = 40 Marks)

Answer ALL Questions Choosing either (a) or (b)

All questions carry equal marks

16. (a) How do you draw on the screen without hurting the current drawing?
(or)

- (b) Explain how to create a new drawing and how to load an existing drawing in AutoCAD.
17. (a) Explain the different commands in AutoCAD
(or)
(b) How to draw a polygon?
18. (a) Explain the procedure of moving one point of a line.
(or)
(b) Explain the application of TRIM command
19. (a) How do you insert a block?
(or)
(b) When will you use lattice bevel and twist modifier?
20. (a) How do you apply materials, rendering in a drawing?
(or)
(b) Explain how AutoCAD programme plays an important role in personal use.

DIPLOMA PAPER I – TWO DIMENSIONAL DRAFTING I

Time : Three hours

Maximum : 100 marks

SECTION A – (10 X 1 = 10 Marks)

Answer ALL Questions

Fill in the blanks

1. _____ create a new object at a specified distance from an existing object or through a specified point.
2. The command which provides some of the drawing aids to create the drawing at a faster pace is _____
3. The command which enlarges or reduces the view of the drawings is _____
4. Mirror command comes under _____ tool bar.
5. The vertices of the polygon lie on the circumference of an imaginary circle with the specified radius and center point is _____.

Answer the following in one or two sentences

6. Give one requirement of running Auto CAD.
7. Give Two examples for drawing tool bar.
8. Give two examples for standard tool bar.
9. What are the methods to create line command?
10. What do you mean by layering concept?

SECTION B – (5 X 6 = 30 Marks)

Answer ALL Questions

Each answer should not exceed 300 words.

11. (a) What are the Auto CAD system requirements?
(or)
(b) Explain GUI in Auto CAD.
12. (a) Explain the point fixing methods in line command.
(or)
(b) Explain the ways for creating circle in CAD.
13. (a) Explain 'trim' and 'extend' command
(or)
(b) Comment on 'offset' and 'mirror' command.
14. (a) Write a short note on function keys in CAD
(or)
(b) Explain the use of line type and line weight in CAD
15. (a) Enumerate the types of viewing.
(or)
(b) Give a note on 'fillet' and 'chamfer' in CAD.

SECTION C – (5 x 12 = 60 Marks)
Answer ALL Questions choosing (a) or (b)

16. (a) How will you open, save, save as, close, exit a file in CAD?
(or)
(b) Write in detail the different tool bars in CAD.
17. (a) Explain in detail the ellipse and Polygon command.
(or)
(b) How will you create arc and rectangle in CAD? Explain them in detail.
18. (a) How will you copy, move and rotate an object in CAD?.
(or)
(b) Explain array, break and stretch command in detail.
19. (a) Comment on 'Drafting Settings'.
(or)
(b) How will you create text and edit the text in CAD?.
20. (a) Zoom command enlarges or reduces the view of drawing. Justify.
(or)
(b) Enumerate the features in layering concept.

DIPLOMA PAPER II – TWO DIMENSIONAL DRAFTING II

Time : Three hours

Maximum : 100 marks

SECTION A – (10 X 1 = 10 Marks)

Answer ALL Questions

Answer the following in one or two sentences

1. Define a hatch boundary.
2. Give two ways for editing polylines.
3. Define 'Dimensioning'
4. What do you mean by 'Dim Leader' in Dimensioning?
5. Give two dimension styles
6. What is 'Dimtolerance' in Dimension style?
7. What are productivity tools?
8. What is W block?
9. Define Layout.
10. What is 'plot' in CAD?

SECTION B – (5 X 6 = 30 Marks)

Answer ALL Questions Choosing (a) or (b)

All questions carry equal marks.

11. (a) Write short notes on Hatching utilities?
(or)
(b) Comment on DIST and LIST.
12. (a) How will you create a polyline?
(or)
(b) Write a note on editing of spline.
13. (a) What do you mean by line and arrow tab in dimension style?
(or)
(b) Explain editing in dimension.
14. (a) Write a note on blocks.
(or)
(b) What is the use of productivity tools in CAD?
15. (a) Write about 'layout management'?.
(or)
(b) Write a note on 'style manager'

SECTION C – (5 x 12 = 60 Marks)

Answer ALL Questions choosing (a) or (b)

All questions carry equal marks.

16. (a) Write in detail on Inquiry tools.
(or)
(b) What are the different methods for editing polyline?

17. (a) Enumerate any four types of dimensioning.
(or)
(b) Dimensioning is very important feature in CAD – Comment on it.
18. (a) Explain primary units and alternate units in Dimension style.
(or)
(b) Write about text and fit tab.
19. (a) How a block can be created and inserted?.
(or)
(b) Write a note on nesting, defining and inserting a block.
20. (a) Explain printer manager style.
(or)
(b) How will you work in model space?

DIPLOMA PAPER III THREE DIMENSIONAL MODELING

Time : Three hours

Maximum : 100 marks

SECTION A – (10 X 1 = 10 Marks)

Answer ALL Questions

Fill in the blanks

11. Union is one of the _____
12. Import and Export of models is _____
13. Interference is one of the _____
14. The command which enlarges or reduces the view of the drawing is _____.
15. Mirror command comes under _____ tool bar.

Answer the following in one or two sentences

16. Give any two point fixing methods in 3D modeling.
17. Define wire frame model
18. Give two examples of standard primitive tools.
19. Give two examples of boolean operations.
20. What is Data Exchange?

SECTION B – (5 X 6 = 30 Marks)

Answer ALL Questions choosing either (a) (or) (b)

All questions carry equal marks

11. (a) Explain different types of model.
(or)
(b) Give an introduction to 3D modeling
12. (a) Write a note on Box and cone commands
(or)

13. (b) Write a short note on wedge and Torus commands
(a) Comment on 'Intersect' command.
(or)
(b) Enumerate the features of 'Union' command.
14. (a) Write short notes on Extrude command.
(or)
(b) Explain the role of 'Camera' in 3ds Max
15. (a) Write short notes on rendering.
(or)
(b) Explain Data exchange.

SECTION C – (5 x 12 = 60 Marks)

Answer ALL Questions

All questions carry equal marks

16. (a) Explain in detail about point fixing methods in 3D modeling.
(or)
(b) Write on wire frame, surface and solid methods.
17. (a) Write in detail about cylinder and sphere command.
(or)
(b) Explain in detail about standard primitive tools?
18. (a) Explain the role of Boolean operations in creating a design.
(or)
(b) Enumerate the importance of 'union' and 'subtract' command.
19. (a) Write in detail about 2D to 3D conversion.
(or)
(b) Explain different types of light in 3ds max.
20. (a) Write in detail about 'Materials' .
(or)
(b) Explain the import and export of files in details.
